

2018 Pennsylvania CANDIDATE QUESTIONNAIRE

Candidate Name: Daryl Boling

Running For: PA House

District: 152nd

Party Affiliation: Democrat

Charitable nonprofits include groups like food banks, Habitat for Humanity, YMCAs, religious institutions, hospitals, museums, libraries, child care centers, and many more. What has been your personal experience with nonprofits (ex: as a board member, employee, volunteer, or donor)? How do these experiences shape your policy positions?

I have served as management for various not for profit arts service organizations for over 20 years. Working with volunteers and interns, working with the community as a whole, the opportunity to provide experience and services to a larger community and see the ripple effect of that experience throughout the lives in those communities has been the most humbling and rewarding experience for me. Working as a servant leader - serving a greater good or need, outside that of personal achievement, has been the foundation and inspiration for my desire to apply that experience in coalition and community building to the work of serving legislatively in Harrisburg.

What is your position on the following tax issues that affect charitable nonprofits:

Do you support preserving state and local sales and real-estate tax exemptions for charitable nonprofits?

I strongly support preserving those tax exemptions for such nonprofits.

Do you believe that nonprofits should be required to provide Payments in Lieu of Taxes (PILOTS) or Services in Lieu of Taxes (SILOTS)?

No, absent extraordinary circumstances, such as owning a significant portion of the property in a municipality.

Would you support additional state tax revenues dedicated to fund nonprofits providing contracted government health and human services?

Yes, providing appropriate regulation and monitoring of those services provided.

Additional comments about tax policies that affect nonprofits:

Nonprofits provide more than 720,000 jobs in Pennsylvania (15% of the state's workforce). What policies would you propose to promote continued job growth for private employers, including both nonprofit and for-profit business?

I believe the best path forward for job growth is by shoring up PA as a destination place to work and live. That means prioritizing in infrastructure issues to ensure that people continue to seek out PA as home.

Would you favor legislation that would reduce the likelihood of a budget impasse in future years? If so, what type of legislation?

Yes... certainly incentivizing legislators to meet budget deadlines or risk consequence of loss of legislative pay during period without budget.

Would you support regulatory changes that increase efficiencies and nonprofit-government partnerships. (Proposed regulatory changes could include reducing redundancies across state agencies - e.g. common pre-award processes, budget templates, use of a single audit, reporting template and central depository vault)?

I would support these and regulatory changes that prioritize timely distribution nonprofits revenue through government grants and contracts.

If elected, what would be your top three policy priorities?

1. Access to quality and affordable Education for all
2. Access to quality and affordable Healthcare for all
3. Equality for all - regardless of gender, gender-identification, disability, race or religion.
