

Pennsylvania Association of Nonprofit Organizations Standards for Excellence Program Standards Committee Membership

The Standards Committee oversees the development and administration of the Standards for Excellence Program. This includes but it not limited to:

- Updating and revising the certification program Self Study Application Package and Checklist
- Evaluating the Standards and Program components
- Performing other administrative services
- Modify the educational resource packets in accordance with the replication licensing agreement.
- Working with peer reviewers' recommendations to complete the Standards application reviews
- Rendering final decisions on the applications for the Accreditation Program.
