INTRODUCTION

The Commonwealth of Pennsylvania has been operating for over 135 days without a budget. As a direct result of this impasse, organizations, school districts and counties have been forced to cut services, lay off critical staff, double their caseloads and go to extreme measure to continue operations.

A strong coalition of nonprofit organizations, foundations, United Ways, libraries and school districts have come together to collectively tell their story.

The **STAND FOR PENNSYLVANIANS DAY** is a project organized by the Pennsylvania Association of Nonprofit Organizations, the United Way of Pennsylvania, the Adams County Community Foundation, the Pittsburgh Foundation, the PA State Alliance of YMCAs, the Housing Alliance of Pennsylvania and a growing group of nonprofits and schools districts.

The campaign goal is two-fold:

- To tell the collective story of Pennsylvania citizens directly impacted by the budget impasse
- To mobilize clients and members of local communities to support the bi-partisan efforts already underway to pass the budget

We plan to do this through a media campaign—supplying participating organizations with messaging strategies demonstrating how the community would look different if their organization were not around.

The campaign message is:

**Stand for XYZ Clients (e.g. Stand for students attending XYZ School District, etc.)
Pass a budget for all Pennsylvanians—now.**

On **November 23, 2015**, nonprofits and school districts are joining together to support the bi-partisan efforts already underway to pass a budget that supports health and human services and other nonprofit organizations.

Local Needs. Local Outreach.

All organizations and communities have stories that demonstrate local need. The tools provided allow every organization and community to develop an action plan that is specific to their local efforts. As a grassroots effort, this campaign will only be as effective as local efforts. The steps below emphasize the need for participating organizations to leverage their own networks.

Participating in the Event:

- A. [Register to participate here](#) so PANO can track the organizations who are engaged in this effort.
- B. Contact as many of your fellow nonprofits, school districts and county agencies as you can to invite them to participate in this effort. (YES, forward this Media Toolkit!)
- C. Determine which of the media strategies will work best for your organization (e.g. press release, social media outreach, providing access to email so clients, donors, board members can email your state lawmakers.)
- D. Prepare all media tools prior to November 23, 2015.
- E. Like the [Stand for Pennsylvanians Facebook page](#) to share the information you collect. This is a one-stop shop to gather overall data so that PANO can tell a more comprehensive story of the impact of the budget impasse.
- F. On the day of the event, assign one or more staff member/volunteer to:
 - Engage clients as they come in door to tell their stories
 - Email, tweet and/or Facebook donors and board members to contact their lawmakers
 - Answer questions from the media regarding the impact that the budget impasse has had on your organization.
- G. Participate in a post-event survey to let us know what worked and what did not seem to work.
- H. Share with PANO what you would like to see as long-term strategies for future state budget processes.

**STAND FOR XYZ POPULATION (e.g. school children, battered women, etc.):
PASS A BUDGET FOR ALL PENNSYLVANIANS NOW!**

[Date, City, PA] On November 23, 2015, [XYZ Org], along with hundreds of nonprofits and school districts are telling our collective story in a statewide *Stand for Pennsylvanians Campaign*. We collectively ask our neighbors, donors and friends to join us in supporting state lawmakers and the governor in their efforts to pass a budget for Pennsylvanians living in [XYZ County]. If a budget for all Pennsylvanians is not passed soon, [XXX County/Community] will see long-term effects.

Pennsylvania nonprofits help millions of individuals along with families and communities each day by protecting, feeding, healing, sheltering, educating and nurturing bodies and spirits. In [XYZ Community/County], [my organization] provides [XYZ services]. We serve [#] of people per [day, month, year].

Due to the budget impasse, [XYZ Organization] has/will [stop serving # people, reduce hours, cut X services]. If state lawmakers have not passed a budget for Pennsylvanians by [day, month, year], [our organization will shut our doors, reduce hours, stop serving an additional # people etc.].

Many organizations have continued operations by securing loans or lines of credit, spending their reserves and reducing staff hours—a nightmare that threatened the wellbeing of (describe your clients). We have had to (take out a line of credit/spend down our reserves/take a penalty on endowment withdrawals) to continue providing service. We are only one of hundreds of organizations around the state in the same position.

Pennsylvania nonprofits employ almost 13.3% of the Commonwealth's workforce. [My organization employs #] of people (full time and part time). Due to the budget impasse [XYZ Organization] [laid off # people, reduced staff hours, eliminated employees] which reduced services for our clients and also put our employees at risk of needing services themselves.

Please tweet, Facebook or email the Governor's office and your state legislators to pass on this message:

Stand for XYZpopulation (e.g. children attending XYZ school district). Pass a budget for all Pennsylvanians-now. #PAPassABudget.
