YOU'LL SAVE MONEY

Is your 501c3 nonprofit, governmental, or tribal organization paying state unemployment insurance (SUI) taxes? You are most likely overpaying for this expense. By making the switch to one of FNP's unemployment programs, our newly enrolled customers are **saving an average of \$105 per employee** on SUI costs! Already reimbursing/self-insured? No problem! Our programs minimize the risk associated with self-insurance, provide a fixed cost, and remove the uncertainty of your exposure.

(If paying SUI tax is the best option for your organization, we have a program for that too!)

WE'VE GOT EXPERTS

As an FNP member, you'll also have day-to-day assistance from professionals trained in unemployment issues and state-specific agency procedures. This will **save your staff valuable time and money** on technical, claims processing, and audit/reporting services.

Furthermore, enrollment in our full-service programs includes access to our partner, Mineral. Reduce workplace risks and increase employee engagement with their service; including access to their **live SPHR and PHR certified advisors**.

WE OFFER FLEXIBILITY

Employers change over time, as do their needs. **FNP offers four unemployment programs** that maximize savings and eliminate the challenges of maintaining your unemployment account.

IT'S ALL ABOUT YOU

All fees are based exclusively on your organization's unemployment experience and employment profile. There are **no pooled losses or shared experiences** like those found in SUI tax or trust programs.

IT'S EASY!

Our application process is simple: To find out how much your organization can save, request a **free, no-obligation savings evaluation at: firstnonprofit.com**

To guarantee seamless transition into our programs, our experienced staff will **process all necessary paperwork** to setup your account with all applicable state unemployment agencies. This includes posting all required collateral at no additional cost!
