

412 Food Rescue: Solving food waste and food insecurity through technology, logistics, and community

Organizational Overview

Alyssa Cholodofsky, CEO
alyssa@412foodrescue.org

Good food belongs to people, not landfills.

Our Mission

412 Food Rescue swiftly rescues fresh surplus food and delivers it where it's needed most, leveraging **people-powered technology** and **strong community partnerships** to **tackle both food insecurity and climate change.**

Our Vision

A World Without Hunger & Waste:

Ending food waste by turning surplus into sustenance, strengthening communities and protecting the planet.

Founded in 2015 in response to...

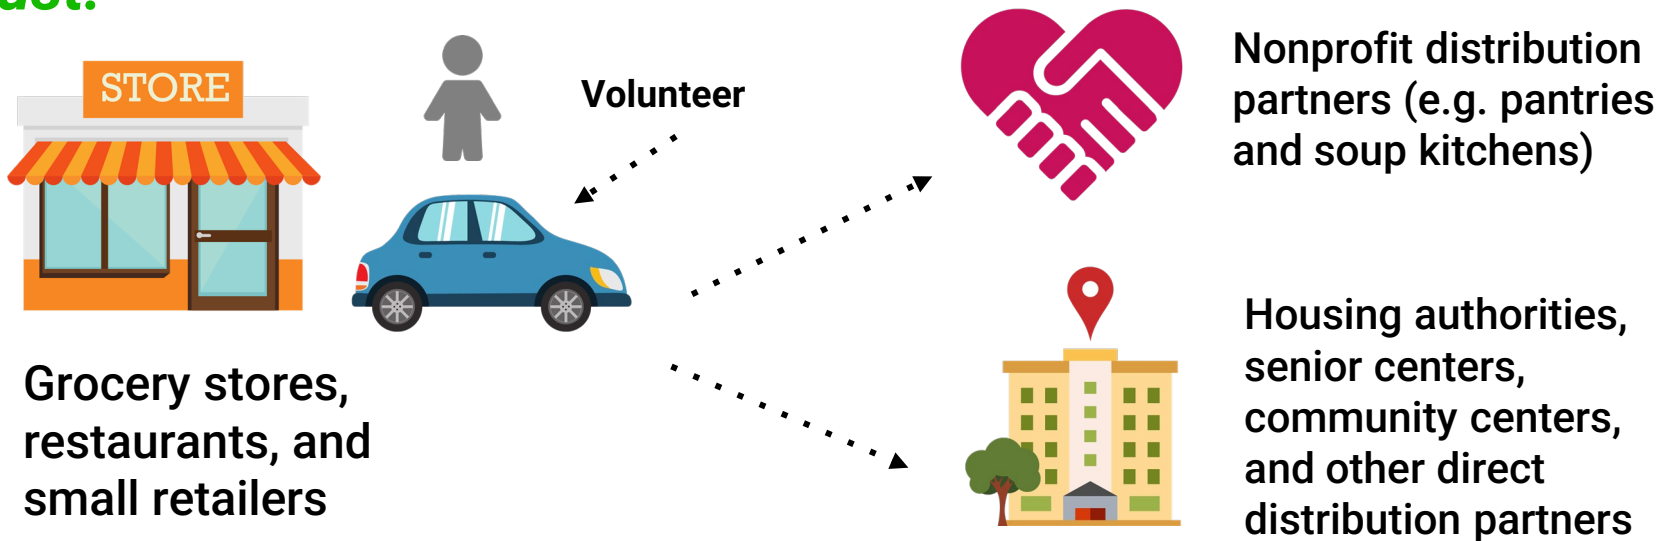

Up to 40%
of food produced
goes to waste.

1 in 8 individuals
experience food
insecurity.

THE SOLUTION:

Taking food to where people *already* are - we move food through the same infrastructure communities already trust.

Food Insecurity is a Logistics Problem

Food exists. Need exists. The challenge is **moving food efficiently**.

Food Rescue Hero provides the logistics infrastructure to do that.

- Real-time matching of food donors and nonprofits
 - Volunteer route optimization
 - Data tracking and reporting
 - Scalable platform used nationally
